Part X - FIN 48 Footnote

The Authority is a governmental entity and is exempt from income taxes. Effingham Hospital, Inc. is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Hospital applies accounting policies that prescribe when to recognize

Part XIII Supplemental Information (continued)

and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Hospital only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying balance sheet for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of June 30, 2020 and 2019 or for the years then ended. The Hospital's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Form 990 - Additional Information

On November 1, 2016, pursuant to a lease and transfer agreement, the Authority implemented a reorganization plan to lease its facilities and transfer its operating assets, as defined in the agreement, to Effingham Hospital, Inc., a 501(c)(3) nonprofit corporation. Effingham Hospital, Inc. shares the same Board of Directors as the Authority.

COVID Impact:

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen. The outbreak has put an unprecedented strain on the U.S. healthcare system, disrupted or delayed production and delivery of materials and products in the supply chain, and caused staffing shortages. The extent of the impact of COVID-19 on the Authority's operational and financial performance depends on certain developments, including the duration and spread of the outbreak, remedial actions and stimulus measures adopted by local and federal governments, and impact on the Authority's customers, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Authority's financial position or results of operations is uncertain.

On March 27, 2020, the President signed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Certain provisions of the CARES Act provide relief funds to hospitals and other healthcare providers. The funding will be used to support healthcare-related expenses or lost revenue attributable to COVID-19. The U.S. Department of Health and Human Services

began distributing funds on April 10, 2020 to eligible providers in an effort to provide relief to both providers in areas heavily impacted by COVID-19 and those providers who are struggling to keep their doors open due to healthy patients delaying care and canceling elective services. On April 24, 2020, the Paycheck Protection Program and Health Care Enhancement Act was passed. This Act provides additional funding to replenish and supplement key programs under the CARES Act, including funds to health care providers for COVID-19 testing. Grant and contribution advance payments are reported as unearned revenue until all eligibility requirements are met. Recognized revenue is reported as nonoperating revenues in the statements of revenues, expenses and changes in net position. The Authority received and recognized \$6,072,589 in grant stimulus funding in fiscal year 2020. Subsequent to fiscal year-end, the Authority received \$263,124 in grant stimulus funding.

CARES Act funding may be subject to audits. While the Authority currently believes its use of the funds is in compliance with applicable terms and conditions, there is a possibility payments could be recouped based on changes in reporting requirements or audit results.

The CARES Act also expanded the existing Medicare Accelerated and Advance Payment Program by allowing qualifying providers to receive an advanced Medicare payment. The advance payment will have to be repaid. Recoupment begins one year after the date of receipt of the advance payment. After that first year, Medicare will automatically recoup 25 percent of Medicare payments otherwise owed to the Authority for eleven months. At the end of the eleven-month period, recoupment will increase to 50 percent for

another six months. If the Authority is unable to repay the total amount of the advanced payments during this time-period (a total of 29 months), CMS will issue letters requiring repayment of any outstanding balance, subject to an interest rate of four percent. In April 2020, the Authority received \$3,016,368 in advanced payments.
