2022 Certificate	-	29,785,000	1,030,000	28,755,000	1,634,000
Mortgage	<u>23,584,368</u>	<u>-</u>	<u>23,584,368</u>	<u>-</u>	<u>-</u>
Total long-term debt	<u>\$ 28,331,372</u>	<u>\$ 40,044,465</u>	<u>\$ 25,848,331</u>	<u>\$ 42,527,506</u>	<u>\$ 3,169,022</u>

In December 2010, the Authority issued Federally Taxable Recovery Zone Economic Development Bonds (Direct Pay) in the form of 2010 Series A Bonds for \$28,640,000 and 2010 Series B bonds for \$2,300,000. In connection with this bond issue, the Federal Housing Administration (FHA) issued a commitment dated December 6, 2010, which was assigned to the FHA approved lender Berkadia Commercial Mortgage LLC (Berkadia) for a mortgage in the amount of \$30,940,000. The proceeds from the bond issue were used to acquire Government National Mortgage Association (GNMA) Securities from Berkadia which are securitizations of the mortgage loan to the Authority. In addition, the Authority is required to deposit certain amounts with the trustee for interest payments. During the construction period, the Authority requested monies from Berkadia in the form of draws. As each draw was funded by Berkadia, the draws were securitized as GNMA securities and sold to the bond trustee. In

9. Long-Term Debt and Subscription IT Liabilities, Continued

2013, the construction project was completed and the Series A and B bonds have been fully secured by GNMA securities, which are held in trust. The Berkadia mortgage is collateralized by the assets and revenues derived from the assets of the Authority.

The Bonds are special limited obligations of the Authority and are secured by the revenues and income derived from the trust estate, which consists of the proceeds of the bond issue, the deposits held by the trustee and the GNMA securities. The Authority does not have access to the trust accounts. In July 2022, the 2010 bonds were refinanced with the issuance of the Refunding and Improvement Revenue Anticipation Certificate, Series 2022. As a result of the early redemption, the Authority decreased its total debt service payments by approximately \$4,114,000 which results in an economic savings (the difference between the present value of the debt service payments on the old and new debt) of approximately \$3,100,000 which is 13% of the principal amount refunded.

In July 2022, the Authority issued the Refunding and Improvement Revenue Anticipation Certificate, Series 2022 (2022 Certificate) in the amount of \$29,785,000 with an interest rate of 3.43% and a maturity date of April 1, 2037. Interest payments are paid semi-annually while principal payments are paid annually. In addition to paying off the 2010 Series bonds, the proceeds from the Series 2022 were used to pay off the line-of-credit of approximately \$3,500,000 and fund new projects in the amount of \$1,770,000. The 2022 Certificate is collateralized by the assets and revenues derived from the assets of the Authority.

The 2022 Certificate has certain reporting requirements. The Authority is in compliance with these requirements.

In March 2020, the Authority entered into a Cerner implementation agreement for an electronic health record system with a 0.00% interest rate with quarterly payments of \$54,620. The note payable is collateralized by the equipment.

The Authority has entered into Subscription-Based Information Technology Arrangements for various software licenses and remote hosting arrangements - Imputed interest of 3.43% secured by subscription assets. The use of certain IT solutions over an annual encounter amount are subject to additional fees that will be expensed in the period incurred.
