Endowment funds must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Hospital and include amounts deposited with trustees as required by revenue bond indentures.

Part X - FIN 48 Footnote

The Authority is a governmental entity and is exempt from income taxes. Effingham Hospital, Inc. is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Hospital applies accounting policies that prescribe when to recognize and how to measure the financial statement effects of income tax positions

Part XIII Supplemental Information (continued)

taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Hospital only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses. Based on the results of management's evaluation, no liability is recognized in the accompanying balance sheet for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of June 30, 2022 and 2021 or for the years then ended. The Hospital's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Form 990, Part XI - Additional Information

GASB 87 establishes standards of accounting and financial reporting by lessees and lessors and establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. GASB 87 will require a lessee to recognize a lease liability and an intangible right-to-use lease asset at the commencement of the lease term, with certain exceptions, and will require a lessor to recognize a lease receivable and a deferred inflow of resources at the commencement of the lease term, with certain exceptions. The Authority adopted GASB 87 July 1, 2021 and retroactively implemented the statement effective July 1, 2020. The adoption of this statement resulted in an increase in lease obligations and related right-to-use lease assets of approximately \$3,642,000 as of July 1, 2020. The adoption had impact of \$415,168 on net position.
